Course Activities

Class time will consist of instructional lectures, group discussion and exercises, video analysis, and short case studies. Some of the individual exercises may be completed during class, but the plan is to complete most of the assignments outside of the classroom. Group exercises, with exception of the case studies, will be completed during class. If a student misses class, he or she is responsible for completing out-of-class exercises on time. In-class exercises cannot be made up if the student is unable to attend the class. Competency will be determined through case studies, and assigned paper, oral presentation, exams and class participation.

There will be one case study completed as a group and presented to the class as an oral presentation. All members of the group will receive the same grade for the oral presentation.
