

Advising Information for the Transfer Credit from the Army Command and General Staff College AY 2008-2009

This advising paper describes the Transfer Credit Agreement between the U.S. Army Command and General Staff College (CGSC) and Webster University. This agreement provides an opportunity for qualified CGSC resident students and graduates to complete the following Webster University masters degrees in residence or online:

Master of Business Administration

Master of Arts in Management

Master of Arts in Human Resources Management

Master of Arts in Procurement and Acquisition Management

Master of Arts in Information Technology Management

Master of Arts in Business and Organizational Security Management

Master of Arts in International Relations

Master of Business Administration (M.B.A.)

The master of business administration (M.B.A.) program provides training in business for students interested in understanding the working nature of business in a competitive environment. Courses in the M.B.A. program integrate information and theories from various disciplines, including accounting, economics, finance, marketing, production operations, and strategic management. The objective of this program is to develop students into broadly educated business managers and executives who understand the nature of business as a whole, with the tools and techniques applicable to a wide variety of business situations. The capstone for the M.B.A. program gives students the chance to bring together all of the theories, skills, and tools studied during the program and integrate them into a learning experience that highlights the nature of competition and the kind of strategic maneuvering that must be done in order to succeed.

Program Curriculum

Students majoring in the Master of Business Administration (MBA) degree are required to complete the following 27 semester hours of Webster University coursework and MBA prerequisite courses, as needed:
